

Florida Credit Union Shared Services First Issue of CEO Brief

Greetings!

This is the first issue of "CEO Brief" - our new CEO to CEO email which is intended to keep you up to date with a quick summary of what's happening in shared branching. Once per quarter I will provide the CEOs of participating credit unions with a quick glance at important information, written with you (a busy CEO) in mind.

Network Rules Change on 11-1-2014

You let us know that transactions were taking too long. We responded. Florida Shared Branching is consolidating the Florida and the national operating rules into one. This will simplify as well as expedite the Shared Branch transactions for the tellers and the operations staff at credit unions.

Informational webcasts will be held during August and September for credit union staff members that deal with shared branching.

FCUSS Headquarters

Earlier this year we established our headquarters office in Palm Beach Gardens where we have space adjacent to CU Center Inc. This enables us to be more efficient as we handle operations and support, as well as sales and marketing from a single location.

That's it for this update. Let me know what you think!

Sincerely,

Mike Yatros, CEO
561-869-8611

About FCUSS

FCUSS stands for Florida Credit Union Shared Branching, Inc. We are the Florida network for shared branching, and the gateway for Florida credit unions to shared branching both inside and outside of Florida. We incorporated in 1992 and until this year have been doing business as (DBA) Credit Union Service Centers of Florida.

~~~~~  
Be on the lookout! We are creating a new look. We are in the process of a re-branding project which includes a new look for our company as well as a new website. But we're not letting that hold up your first issue of CEO Brief.
